SILVESTRIS 23 SPORTS CABRIOLET CASCO

BROKER'S COMMENTS

A unique project, an aluminum Silvestris airframe, complete tubular frame, production mold and all desings and drawings can be used for further developments and building of other boats. The chance to continue a unique design by Maarten de Bruin, the Spyker designer from the very beginning. Fully developed and with 5 built copies, this offers plenty of opportunities in the current market. This lot will soon be auctioned in collaboration with BVA Auctions.

Arjen Hoeksma
