BRANDARIS BARKAS 850

BROKER'S COMMENTS

The Brandaris Barkas 8.50 is a well seen beauty on the inland waterways, lakes and is even designed for coastal waters. The current and second loving owner did his best to keep her up to date and in shape. In 2012 the first owner decided to equip her with two YANMAR 180 hp diesels who can bring her up to 30 knots. To make it even more convenient these are started by an electric remote control that also functions as kill cord. The luxury stern that normally only is found on the 1100 models is what this Brandaris Barkas 8.50 "Sparks" gives the extraordinary touch that she deserves.

Koen Mulder
