BESTEWIND 50

BROKER'S COMMENTS

The Bestewind 50 design brief was Safety, Comfort and Speed. The bestewind 50 was designed as sturdy no-nonsense, stable, short handed sailor without the need to leave the cockpit at sea while sailing. Her pilothouse provides a comfortable social area for enjoyment in port and at sea even in bad weather. The straight bow gives a maximum waterline by hull length combined with her high sail area guarantees high day averages.
