KUSTER A-42

BROKER'S COMMENTS

She´s so lovely ... not only her classical outer looks are appealing, but especially her modern teak interior make seafarers hearts beat faster. Her technical equipment is on highest level and in perfect maintenance. The galley is well equipped with all you need on a high quality level. The specialty of this particular Kuster A-42 "Kennebunk" are her two separated bathrooms. Very handy for an owners couple and their guests. Antifouling and anodes have just been refreshed, so she is ready to go. All it takes is a single "splash" and there you go ...
