EXPLORER MOTOR YACHT

BROKER'S COMMENTS

Former Dutch fishing cutter built for a well-known Urk fishing family. In 2003 the current owner rebuilt the ship, completely professionally, into a comfortable seagoing motor yacht that is also very well equipped for living aboard. Deck and superstructure have been completely renewed. The ship is equipped with 3 separate cabins, a cozy wheelhouse, galley, and a beautiful engine room she is ready to go on beautiful trips with her new owner. Vessel has a valid CBB certificate
