## BROKER'S COMMENTS

The Riva Iseo is the modern day equivalent of the classic Riva daycruisers from the 60's and 70's. The build quality and the attention to detail are immaculate as you would expect from a Riva. The 300hp Volvo Penta diesel engine ensures crisp performance as well as economical fuel consumption. This Riva Iseo is a new boat that has never been in the water. Beat the waiting list and treat yourself to one of the best runabouts that money can buy. Available ex. VAT if so required. Please make an appointment with De Valk Zeeland for a viewing. Note: Trailer not included!
