INTERNATIONAL 6 METRE

BROKER'S COMMENTS

"Noreg III is a International 6 Metre class yacht with a great history. Designed and built in 1939 by Johan Anker (also designed the Dragon). The first owner was crown prince Olav of Norway, Gerald W. Ford was one of the famous other owners. The later owners started in 1997 with great restoration; reconstructive ring frames , splinting of the hull planking , keel bolt renovation , a new rudder ,restoration of the original mast and the Sparkmann aerodynamic rod-rigging , 4 new classic winches. To be seen in the southern part of the Netherlands ashore in a boathouse."

Ger Bayens
