## BROKER'S COMMENTS

The Aloa 28 is a clever concept and extreme seaworthiness in an 28 footer. The mast is taller and has been fractionally rigged. This improves the trim options and allows one to mount the gooseneck higher. More headroom in the cockpit, even in case of sudden manoeuvres. The sail controls of the Aloa 28 are controlled from the cockpit. She will be auctioned on June 2 in cooperation with BVA Auctions. For further details see <http://bit.ly/Aloa28> Opening price of the auction EUR 10.000, offers can be made from May 26 on the website of BVA Auctions

*Arjen Hoeksma*
