WATERSPOOR 777 AVIATOR

BROKER'S COMMENTS

The Waterspoor 777 Aviator Tendersloop is the perfect combination of traditional lines, innovation and contemporary design. The Waterspoor can be designed for both water displacement and high-speed sailing, and its performance is unprecedented. This no-nonsense sloop combines classic lines with a modern tender stern. The stern of this Waterspoor 777 Aviator has a practical passage to the swimming platform for even more freedom of movement on board. In the front of the boat there is a spacious toilet area which can be closed off and where the cushions can be stored.

Mark Hesselmans
