KOMPIER KOTTER

BROKER'S COMMENTS

This Dutch built steel motoryacht Kompier kotter is seagoing, but also very suitable for the European inland waterways. She is very strong built with a round bilged hull. She looks sturdy with charming lines. This Kompier is equipped with a 6 cylinder Ford 125 hp. diesel engine, hydraulic bowthruster, , heating and a comfortable and cosy interior finished by her first owner where he earned a article in our famous magazine Waterkampioen in 1992. This sturdy motor yacht is definitely worth a visit in our salesmarine in Sneek!

Pieter Bosma
