## BROKER'S COMMENTS

This Ovni 41 Evolution from the famous Alubat shipyard is known for its solid aluminium construction and concept. Over 1500 yachts have been delivered since the shipyard was founded in 1974 and most of them are still sailing somewhere around the world. The fully retractable daggerboard and the kick-up rudder blade create a lot more sailing area than conventional sailing yachts with a fixed keel could go to. The 3-cabin version is ideal for blue water trips. One of the aft cabins is set up as a workshop. Arrange a viewing today!
