

BROKER'S COMMENTS

This Linssen GS 500 Wheelhouse Custom is more comprehensive in every respect than any 500 series ever built. In addition to the custom wheelhouse and interior, there is a list of endless options designed especially for this boat. The sound insulation of this boat has been put together by a special bureau to raise the already silent 500 to a level of sound that is only known in superyachts. This boat is equipped with Rotoswing Zero Speed stabilisers, hydraulic bow and stern thrusters, reversible air conditioning, 12KVA generator and no less than 7 fixed berths.
