CATALINA 42 MKII

BROKER'S COMMENTS

Conceived as the ultimate sailing yacht, the Catalina 42 MK II interprets the needs and desires expressed by many sailors considering a yacht in the over-forty-foot class. First among these requirements are speed under sail and the easy predictable handling characteristics. As a result the Catalina 42 MK II sails easy with a short-handed crew with outstanding performance even with her shallow 1,47 meter draft. This Catalina has her mooring behind the owners house ensuring constant and perfect attention and maintenance.
