DUTCH STEEL MOTOR YACHT

BROKER'S COMMENTS

This Dutch trawler is well suited for coastal trips, even shorter crossings such as from the mainland to islands can be easily managed. Also able to take longer trips on in the Atlantic and even with a moderate Atlantic wave up to 3 meters high the owner felt comfortable on the boat. Trips from Marseille to Lisbon, even with sudden, unpredicted changes in the weather, also with strong winds and rough seas, the trawler feels always safe. She underwent a complete refit incl. a new floor, equipment, electrics and plumbing. No visible rust on the hull and in the bilges. Very high built quality.
