# WINNER 9

## BROKER'S COMMENTS

Following the trend of refreshing a classic concept, the new Winner 9 is a very good example. On and below deck, owners will be surprised what can be achieved on a "only" nine 9 meter yacht without compromising the sail performance for what she was designed for. Where many modern yachts are built for comfort only, they lack the joy and spirit in sailing a performance yacht. Steady on the helm, but sprinting to the finish line, the Winner 9 has earned her place. The perfect young family performance yacht. Beating the expensive new build prices, this 1 owner Winner is now readily available.
