TERA 4 T9 PRIME

BROKER'S COMMENTS

This unique aluminium "quadrimaran" is suitable for up to 25 persons and can be used in many ways. For example, passenger transport, watertaxi, (bicycle) ferry, tender or round trips. The vessel is also accessible for disabled persons. The two powerful Mercury outboard motors of 50 hp each provide a nice cruising speed of 8 knots with a maximum of 14. The two large fuel tanks of 250 litres also make longer distances possible. Have you become enthusiastic? We will be pleased to help you!

Reinier van der Wolf
