BROKER'S COMMENTS

On deck, the clean lines reflect true future designs, low coach house, ropes all captive below deck and teak is standard. Below deck the optimised interior reflects style and comfort. The large windows and hatches in the cabin roof provide a great deal of daylight below and underlines the light and modern internal design. Halyards and sheets are fully integrated into the deck, the self-tacking jib track is counter set in front of the mast, all hatches flush with the deck are features that result in an extremely tidy deck and lots of space. The Hanse 470e is a true performance family cruiser.
