BROKER'S COMMENTS

"Capella is a privately owned classic lined motor yacht built in 2001 in Gdansk. She has never been used for charter work. She was immediately transferred to Mallorca, where she has been lying ever since. Capella has been maintained by her current captain since her arrival. There has been an unlimited budget made available for the maintenance which has been religiously adhered to every winter. Therefore, the trawler is in an extremely prestige cinditions. Capella has always cruised in the Western Mediterranean in all weathers, as a stable and comfortable vessel."

Jörg Hellmich
