#### **BROKER'S COMMENTS**

The Riva Iseo is the modern day equivalent of the classic Riva daycruisers from the 60's and 70's. The build quality and the attention to detail are immaculate as you would expect from a Riva. The 260 hp diesel engine ensures stunning performance. This boat has less than 120 engine hours and has not been used much. Beat the waiting list and treat yourself to one of the best runabouts that money can buy. You're more than welcome to visit the Riva in our covered marina in Loosdrecht.
