FARR 50 PILOT HOUSE

BROKER'S COMMENTS

This Farr 50 Pilothouse has been used in mild weather conditions during the last ten years. Only occasionally used on salt water. Originally the boat was purchased to circumnavigate the globe. However plans have changed and the current owner has moved to warmer weather conditions and does not feel the urge anymore for long sailing trips. The boat has been well maintained and is currently the only Farr 50 Pilothouse in the European market. Two of the major advantages of the Farr 50 Pilothouse are the cruising speed and the ability to look outside when seated.Inspections on appointment only
