ISLAND PACKET 40

BROKER'S COMMENTS

Island Packet yachts are much appreciated by the discerning yachtsman who like to explore new horizons with a true Blue Water cruising yacht. Many have served their owners very well and this Island Packet 40 is no exception. Her current owners sailed from 2011 onwards and have found her to be very reliable and a capable partner on their journeys. She never stopped caring for the owners and vice versa and it shows. Though the excellent Island Packet build quality also helped. When you consider exploring new horizons, this IP40 should be on your shortlist for sure.
