# ROBERT CLARK 64 PILOTHOUSE

## BROKER'S COMMENTS

This Robert Clark 64 is an unique classic and perfect maintained Blue Water Cruiser, which has been very good taken care of, with a great eye for details, by her current and previous owner. Their investments (a total €900,000 since 2005) reflects in an impressive list of completed projects. Only the classic line shows that she was built in the past. She offers a very nice saloon in the aft, 3 cabins and she is easy to sail with a small crew. The pilot house is a fantastic asset, both for watch keeping and enjoying the view. Contact our St Annaland office for an appointment on board in Spain.
