SCORPION 50

BROKER'S COMMENTS

"This Scorpion Yacht is handcrafted and has a modern open design with a large lounge area. The outboard engines are hidden beneath the sunbed, allowing the boat to be beached. Each Scorpion Yacht is built with aluminium making it 50% lighter, so less petrol is needed, not flammable and it lasts twice as long compared to fibre glass. Scorpion built yachts with low cost of ownership and simple technique and very easy to maintain. The engines run 100 hours with still one year warranty and service costs are just EUR2.000 every 12 months."

Robert Corden

SPECIFICATIONS

Dimensions	14,50 x 4,00 x 0,91 (m)	Builder	Haege Groep BV
Built	2023	Cabins	1
Material	Aluminium	Berths	2
