## BROKER'S COMMENTS

This aluminum yacht Coronet 41, designed by Dick Zaal, with variable draft of 1.10 / 2.70m is very well maintained by her first and only owner. Thanks to the lifting keel and twin rudder with skeg she sails just as easily on open water as in inland waterways and can easily be beached. Your sailing area will be significantly increased! This aluminum yacht is equipped with the necessary comfort, including a spacious saloon, doghouse, self-steering windvane and hull insulation, which makes it ideal for longer trips as well. This Coronet 41 is now ready for a new adventure!

*Joris van de Rijt*

## SPECIFICATIONS
