HALLBERG RASSY 382

BROKER'S COMMENTS

The difference between the HR 38 and HR 382 is definitely more than one might think at first sight. The HR 382 is a more modern design. The hull lines are all-new, more contemporary, incorporating eight years more experience. The hull of the 382 is longer, wider, has a sharper entry, a flatter aft section, deeper, shorter and more efficient keel, as well as more efficient rudder design
