PILOTHOUSE MOTORSAILER

BROKER'S COMMENTS

Charming Pilothouse Motor Sailer in Colin Archer style with the easy recognizable, distinctive canoe-stern and traditional hull-lines. The interior is in solid teak by her first owner. She has wide side decks and a very cozy and safe cockpit with tiller steering when your sailing. In bad weather you will appreciate her pilothouse/deck salon with true 360 degree panoramic views. Now with her third owner due to personal circumstances she is up for sale again. You can sail her through and around Europe. French Canals no problem. Leave the masts at home and use her as an open cockpit my.
