ALTENA FAMILY 120

BROKER'S COMMENTS

This 'Altena Family 120' is ready for the new sailing season of 2024. The current owner has carried out a total re-fit on this 'Altena Family 120' in recent years. This can be seen, for example, in the windows of the ship. All windows in the superstructure have been replaced by double glazing in plastic profiles. It also immediately replaced the portholes with double plastic. The paintwork inside and outside has also been thoroughly done.
