Extra info	Augmented Reality For those cruising the Prestige 520S can enjoy modern navigation equipment in the form of large touchscreens from Raymarine for navigation functions, chartplotter and the present camera system for good visibility behind the ship. The ultimate in that field is Raymarine's 'Augmented Reality' system where information from the AIS, navigation buoys objects and waypoints are projected onto the camera image. It provides a very realistic picture of what is in front and behind the ship.
Extra info	Seasoned cruisers will welcome the engine options on this S line. All the latest technology to facilitate cruising is available – electronics pack, multiple displays, joystick control – but without a doubt, they will also be impressed by superior handling and cruising pleasure, that of driving a superb, sporty, leather-wrapped stainless steel steering wheel while comfortably seated at the helm.
