## FREQUENTLY ASKED QUESTIONS

DE VALK  
YACHT BROKERS

### **What is the reason for selling your yacht?**

*I can only free up time to go sailing a few times per year. Additionally, my wife is not a big fan of sailing, and our free time is mostly spent in other ways.*

### **How many owners has your yacht had, and when?**

*Two, but the first owner unfortunately passed away before the yacht was delivered. I bought it before it was launched and have, in that regard, remained the only real owner.*

### **What can you tell about the history and cruising area of your yacht?**

*I am an occasional sailor and have only sailed on the Oosterschelde. This was limited to 5 to 10 times a year. There were only two overnight stays on the boat, and the kitchen and sanitary facilities remain unused and, like the entire boat, are in mint condition.*

### **Why did you choose this yacht when you bought it?**

*The combination of its compact dimensions and yet more than sufficient space both on deck and below deck. The modern and high-quality finish was also an important factor. Finally, the yacht received very favorable reviews in the specialized press.*

### **What is the special meaning of the name of the yacht for you?**

*"Alter Ego" reflects the other person you become while sailing. You briefly forget all daily worries due to the focus that sailing demands.*

### **Has your yacht ever been used for charter? And if so, when?**

*No, it has only been used personally.*

### **What can you tell about the sailing characteristics of your yacht?**

*It is a relatively sporty yacht with special sport sails and a folding propeller, making it possible to have a very dynamic sailing experience for its size. Of course, it is also perfectly suited for enjoying a relaxing drink on board.*

### **What did you do with your yacht during the winter?**

*The yacht remained in the water, with all necessary precautions taken to winterize it and a dehumidifier running constantly. In the spring, just before the sailing season, the boat was taken out of the water for a professional anti-fouling treatment and engine maintenance by the marina services. All maintenance was always outsourced to professionals.*

### **What are, according to you, future points of attention with regard to the maintenance of your yacht?**

*The yacht is in new condition and, aside from regular annual maintenance, requires no specific attention.*

### **Which keywords would you use to describe your yacht?**

*Modern, sporty, luxurious, fun, plug & play.*
