## BROKER'S COMMENTS

This Ocean Alexander 51 with raised pilothouse has an impressive amount of onboard livingspace. Below decks she offers nice large owner cabin and two guestcabins and two bathrooms. The current owner had the ensuite bathroom/shower enlarged so it's like comfort at home. Next to the large aftcockpit is the spacious fly bridge the place to be while under way. Recently a lot of her equipment has been replaced with hot water heating, solar installation with Lithium batterypack etc. The outside needs an overhaul but can be cost effectively done. You may certainly consider her as live-aboard.
