STENTOR LUXE MOTOR 21.50

BROKER'S COMMENTS

This beautiful luxury Motor was built by Stentor in Romania. She has a CE-A certificate, DMS Magnusmasters and a large fuel tank capacity making her ideal for sea trips. In addition, her length-width ratio also makes her ideal for trips on inland waterways, including through France. Furthermore, the interior is luxuriously finished and equipped with 2 cabins, spacious saloon & galley, sanitary facilities. Technically, this luxury motor is very complete, including Radio Holland navigation equipment, John Deere main engine, Kohler generator, Ankreo spud pole in foreship, etc.

Ian Pols
