BROKER'S COMMENTS

Built by the traditional Nauticat Yachts Oy (Siltala Yachts) the Nauticat 44 is a solid long-distance motor sailor providing a comfortable and safe platform to explore anywhere in the world, ideally for 4 persons. With two steering positions, both fully equipped for navigation, one outside at the aft deck with great views and easy access to all, and with an additional great, sheltered, roomy wheel house. Her teak interior is very spacious; however, still generating a warm and cosy atmosphere due to the use of highest quality joinery. The boat has a good base but pending some jobs.
