GULET 20 M

BROKER'S COMMENTS

Rather than a gulet, TIRANDILA is a Bodrum-built tirhandil, having a single mast and canoe stern with stern hung rudder. Uniquely, TIRANDILA appears to be the largest tirhandil ever built and benefits from lots of internal volume including four double cabins each with en suite. Used as a skippered charter around Ibiza for several years the owner would also sell the charter company if required. Photos supplied by owner.
