RODMAN MUSE 44

BROKER'S COMMENTS

The Rodman Muse 44 is a solidly built motor yacht with excellent seakeeping characteristics. The IPS propulsion system makes manoeuvring easy and provides excellent control in tight marinas. Despite having less than 1,500 engine hours in total, the engines were fully overhauled in 2023. This Rodman Muse 44 has been well maintained overall. The interior requires some minor cosmetic attention here and there, but the work involved is limited. A solid motor yacht with an excellent technical foundation and generous living and accommodation space.
