LUXE MOTOR HAUSBOOT / OFFICE 24 M

BROKER'S COMMENTS

The Sealogy One is one of the most meticulously planned houseboat projects to date. Conceived as a spacious office vessel, it also offers ample room for exceptionally generous living. Its current state of completion allows the interior design to be tailored precisely to your personal preferences. The boat is being offered prior to interior fit-out and final completion; the marine systems and heating technology are, however, largely finished. Thanks to its construction and installed technology, this yacht can be operated year-round in a nearly self-sufficient manner.

Ralph Weil

Rubbing strake	rubber
Deck material	steel
Window frame	aluminium
Window material	3 fach verglast / triple glazed / driedubbel glas
Insulation	foam
Flybridge	yes
Fuel tank (litre)	steel 2 x 1.000 l.
Level indicator (fuel tank)	yes
Freshwater tank (litre)	steel 2 x 3.000 l.
Level indicator (freshwater)	yes
Blackwater tank (litre)	steel 2 x 3.800 l.

Level indicator (blackwater)	yes
Wheel steering	yes
Flybridge helm position	electric
More info on hull	Ballasttank Bug 2 x 4.500 l. Ballasttank Heck 2 x 6.000 l.
Extra info	Tom Logisch Enteron 80 24V Sewage treatment plant, capacity 320l./day

ACCOMMODATION

Deck saloon	12,78m x 9,00m
Heating	Heat Pump / Wärmepumpe / warmtepomp
Hot water system	on central heating
Water pressure system	electrical
Extra info	The boat is being offered for sale prior to the installation of the interior fittings and final completion. The vessel's technical systems and heating infrastructure are largely complete. The hull is fully enclosed, featuring wraparound windows and a companionway. Ventilation systems, underfloor heating, Resysta flooring, and numerous other materials required for the interior fit-out are included in the purchase price. Given the vessel's versatile potential uses, its current stage of construction represents the ideal opportunity for a buyer to take over the project and complete the interior according to their own personal vision.
Extra info	220 sqm living area, 150 sqm terraces, and 100 sqm utility area.
Extra info	The construction of the superstructure complies with current standards for residential buildings.
Extra info	upper deck 9,32m x 7,76m
Extra info	lower deck 9,24m x 9,01m

MACHINERY
