HANSE 588

BROKER'S COMMENTS

The Hanse 588 is a masterclass in space and handling management. Between the hydraulic swim platform, the tender garage, and the expansive cockpit, offers a seamless living experience that is simply unmatched in its class. Handling is optimized for short-handed operation, the self-tacking jib making tacking as simple as turning the wheel. Interior is defined by the “Silent Cabin” concept, reducing noise and enhancing onboard comfort. "Magma" has had only one owner since new and is now looking for someone who can continue to care for and appreciate her with the same passion.
