## BROKER'S COMMENTS

BRONSVEEN 1480 Spiegelkotter, built in Harlingen. Yacht building Bronsveen is known for its "sturdy" construction, something that is also reflected in this motor yacht. When you see how the yacht is built: heavy, robust and reliable. Reliable due to engine choice and all systems that are on board. But also comfort and space, Kabola Central Heating and very well isolated. Spacious saloon, spacious owner's cabin with French bed, large aft deck. And all this in a great state of maintenance.

*Pieter Bosma*
