ONJ LOODSBOOT 770

BROKER'S COMMENTS

This charming little yacht is a sturdy powerhouse with proven qualities and excellent performance. It offers a surprising amount of space in a compact design. Spacious open cockpit with U-shaped bench seat, table and helm station with driver's seat. Cabin with varnished teak interior, where the helm station with headroom and excellent views, cooking area, seating, storage space, separate toilet and sleeping area (in a large double bed) have been cleverly integrated. Large enough for a young family, yet manoeuvrable enough for solo trips. Moored at our sales marina in Sneek.

Pieter Bosma

Blackwater tank extraction	deck extraction 25 Ltr
Wheel steering	hydraulic
Inside helm position	yes
Outside helm position	yes
More info on hull	Lloyds-approved polyester resins Deck reinforced with Airex foam in a sandwich construction. Hatch at the stern for stowing anchors and gas cylinders
Extra info	Over 30 years ago, ONJ pioneered an entirely new class of boats with the launch of the first ONJ Pilot (then known as the ONJ Pilot Boat 760), a compact motorboat developed using the hull of the legendary Mulder & Rijke pilot boat for the navy and commercial shipping. The ONJ Pilot was an instant success and has lost none of its popularity, as evidenced by the more than 350 examples of this modern classic currently sailing in the Netherlands.

ACCOMMODATION

Cabins	1
Berths	2
Interior	teak
Floor	teak and holly

Wiper	yes
Horn	yes
Fenders	yes
Mooring lines	yes
Radio-cd player	Pionier
Speakers in salon	yes
Clock - barometer	yes
Fire extinguisher	yes

Extra info

The ONJ Loodsboot is a very stable and manoeuvrable vessel and, thanks to the distinctive shape of its wheelhouse and cabin, has a classic look. With a low clearance height of 178 cm, the boat is also ideally suited to Dutch inland waterways. The Loodsboot is suitable for sleeping two adults. By lowering the table in the forepeak, you can create a spacious double bed. Children can sleep in the large open cockpit. Optional extras for this include filler panels for between the benches and a higher cover tent. A 2-burner gas hob is available for cooking. The galley (including gas hob and sink) is located in the wheelhouse on the starboard side. A fridge is fitted beneath the helmsman's seat. A marine toilet is also fitted. The toilet is situated in a spacious area with headroom. The wheelhouse features a large sliding hatch. The windows are made of clear toughened glass and are set in aluminium frames, with three side windows being sliding. The forward cabin has two folding portholes on either side. Access from the open cockpit to the wheelhouse is via two teak doors. The boat has a large open cockpit. That is to say: proportionally much larger than one would expect from a boat of this size. It is an ideal boat for sailing with the deck completely open in fine weather. The pilot boat comes as standard with inboard and outboard steering. The cockpit is self-draining, giving the boat greater seaworthiness and making a deck tent unnecessary.
