SHIPMAN 50

BROKER'S COMMENTS

This kind of yacht really gets the adrenaline flowing. Entirely built in carbon fibre, the Shipman 50 is an absolute joy to sail. She has plenty of power and speed and is surprisingly easy to handle, almost like a cruising yacht. Hull no. 12 is the last of the series Shipman 50. In 2025, hull and deck were professionally repainted and the teak was refurbished. She has a good set of sails and, in 2018, her 2nd owner added air conditioning, a water maker and a generator. Inside, the sporty interior feels bright and welcoming; lots of natural daylight make it a great place to spend time on board.
