PACIFIC HORIZON MOTORYACHT

BROKER'S COMMENTS

MY PETER PAN, has been extensively upgraded and carefully maintained, with major refit works carried out between 2021 and 2026. Recent improvements include a new Raymarine navigation package with radar, AIS and VHF, a Fischer Panda 15 kW generator with new service batteries, full engine servicing, antifouling, zinc anodes, polishing and teak care. The yacht also benefits from a Yacht Controller, three Frigomar inverter air-conditioning units, an overhauled bilge system, hydraulic tender/swim platform lift, stainless-steel upgrades, extensive teak replacement and a complete professional repaint

Filip Mimica
