

## TAYANA 37 PILOTHOUSE

1979 | 11,30 m | polyester

DE VALK  
YACHT BROKERS

### BROKER'S COMMENTS

"Anybody looking for a long passage maker will have heard about the incredible capacity of the Tayana 37. As a double ender it can handle swells of 8m plus with ease. This one has been prepared to even venture to high latitudes with 8 bulkheads and a re-enforced bow with 3stringers on each side. A windvane steering and a Raymarine autopilot as backup. A wind generator and solar panels for autonomy. She had a major refit in 2006/07 for serious longdistance crossings and now in the yard in Lagos.

### SPECIFICATIES

<b>Afmetingen</b>	11,30 x 3,50 x 1,72 (m)
<b>Materiaal</b>	polyester
<b>Motor(en)</b>	1 x Yanmar 4JH 4E diesel
<b>Pk/Kw</b>	55 (pk), 40,48 (kw)
<b>Bouwjaar</b>	1979
