

VICTOIRE 933

1993 | 9,33 m | polyester

BROKER'S COMMENTS

"The Victoire 933 is an all-time classic, designed by D. Koopmans Sr. The building period of the Victoire 933 started in 1976. In 1992 The V933 is strongly modernized. Both the interior style as the deck layout are nicely adapted, "Merou" is the last built with the classic interior layout but with the renewed style and deck layout!. "Merou" is well kept and through the shallow draft keel and short rig also ideal for sailing on the Frisian and "Rand" lakes."
