

COMFORTINA 42

2003 | 12,86 m | polyester

BROKER'S COMMENTS

"When dream turns in to ships. The new COMFORTINA 42 has been a big hit for the Swedish yard. The yacht reaches high standards in its sailing qualities and its living accommodation. The lines are simple, clear and elegantly maintained. The outer hull and the frame floors make the hull stiff and well insulated, giving a high level of protection even when running aground."
