2004 | 12,86 m | polyester

### BROKER'S COMMENTS

"When Swedish Quality, Style, and Performance are your demands, look no further, the Comfortina 42 is the answer to it all. This hardly used, very well equipped Comfortina 42 is now in a rare immaculate condition. Extra epoxy layer for preventing osmose, good isolated, electric winches, electric windlass, bowthruster, autopilot, plotter (2010) and a lot of extra's."
