1993 | 14,96 m | polyester

BROKER'S COMMENTS

"BUETZFLETH 48,5 is a purposeful looking M/Y with traditional lines & design. She is a strongly built vessel with good seakeeping reputation & displays very high quality craftsmanship. Her attractive lines give that classic look and her beautiful wood interior (rarely found on boats built today) does not disappoint! She benefits from a good maintenance in her current ownership." *Sofia Iliá-Salvanou*
