FLOATING DOCK

VAN DE MAKELAAR

The Floating dock is a unique concept originated from the need to store and haul out vessels in remote areas. She can also be used in areas where a fixed Jetty or dockside moorin is not possible or in waters with strong currents. The Floating dock can be towed to any location and then form a secure mooring for any yacht that fits her size. Her 4 Spud poles anchor her secure to the bottom and ensure she will not move. The Floating dock can also be equiped with a light weight roof construction to form an indoor water garage for your yacht. The Floating dock has a lifting capacety of 60 tons.

Hans Visser

SPECIFICATIES

Afmetingen	23.01 x 7.90 x 1.60 (m)	**Bouwer**	
Bouwjaar	2020	**Hutten**	
Materiaal	Staal	**Slaapplaatsen**	
Motor(en)	x no engine	**Pk/Kw**	0.00 (pk), 0.00 (kw)
Vraagprijs	€ 250.000 (BTW Niet betaald)	**Ligplaats**	elders / niet bij verkoopkantoor
