LAURENT GILES MOTORSAILER STEEL 23M

VAN DE MAKELAAR

Just arrived back to Barcelona October 2026! This stunningly seaworthy, custom-built steel Motorsailer was built by the famous Solana Shipyard by Laurent Giles, certified by Lloyd's. The hull is inspired by the Atlantic Ocean-going fishing vessels that endure the most challenging weather conditions. The deck layout is well-designed and organized. The lifted, large aft deck sitting area leads to the spacious pilot house. The beautiful main salon leads to the large master cabin and guest cabin midship and 2 guest cabins aft, separated by a dining area and galley. Comfortable and stealthy.
