CHRIS-CRAFT ROAMER EXPRESS DELUXE

ALGEMEEN

Model	CHRIS-CRAFT ROAMER EXPRESS DELUXE
Type	motorjacht
Lengte (m)	11,00
Bouwjaar	1961
Gebouwd door	Chris-Craft
Land	Verenigde Staten
Romp materiaal	staal
Romp kleur	White
Huiddikte romp (mm)	3-4 mm at 50 points measure.
Dek materiaal	Teak, vaccumglued on steel deck, 2019
Afwerking dek	Teak
Afwerking opbouw	Steel
Antifouling (jaar)	2024, Blastered, 4 layers epoxi + 2 layers antifouling.
Brandstoftank (liter)	125 litre
Brandstoftank 2 (liter)	125 litre
Drinkwatertank (liter)	140
Vuilwatertank (liter)	175

ACCOMMODATIE

Hutten	1
Slaapplaatsen	4
Achterdek	ja
Salon	ja
Verwarming	Electric when on shore power.
Keuken	ja
Koelkast	New
Toilet	ja

MOTOR(EN)

Aantal motoren	2
Merk	Mercruiser
Type	383, 6.3 litre
Pk	350
kW	257.60
Brandstof	benzine
Geinstalleerd in jaar	2020
Aandrijving	schroefas
Accu's	ja

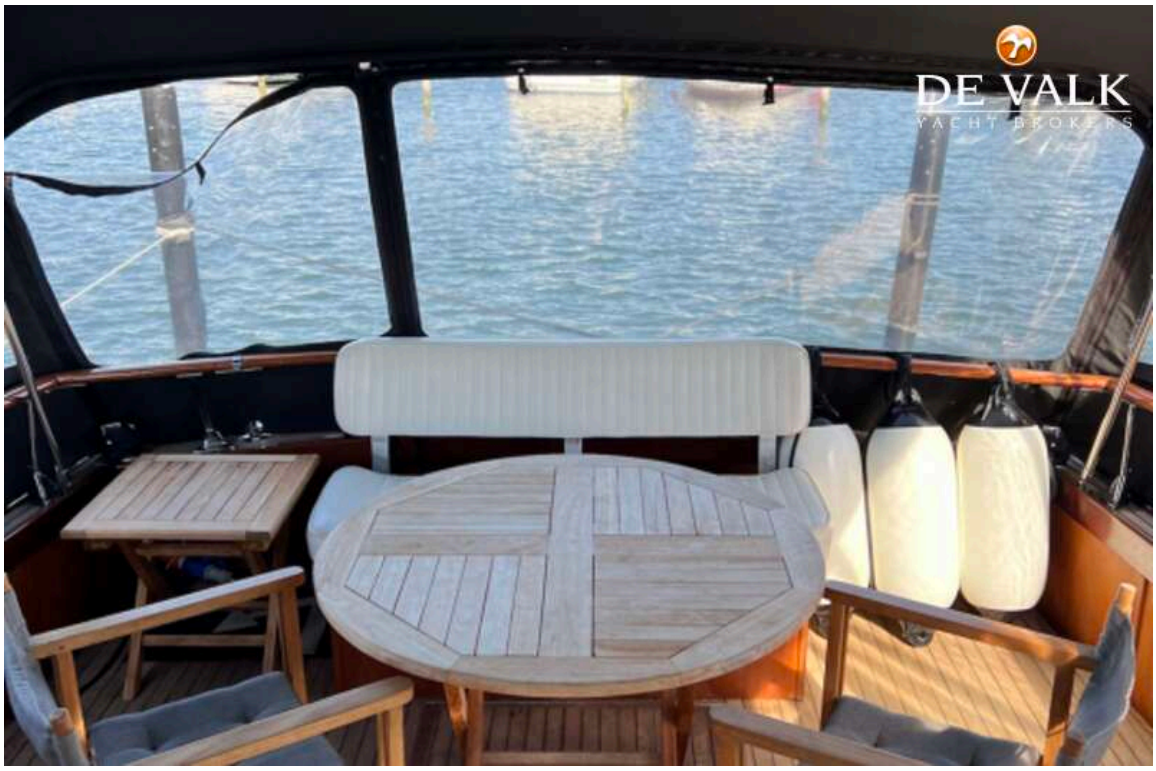

UITRUSTING

Kuiptent	ja
Kuipstoelen	ja
Anker	ja
Anker 2	ja
Hoorn	ja
Stootkussens	With fender holders
Landvasten	ja
Reserve onderdelen	Spare parts for engine service, special lamp bulbs
Brandblusser	Halon
Extra info	Extra shaft gasgets as spare parts

YACHT BROKERS
SAFETY FIRST — No matter what the weather, or how rough the sea, you enjoy full confidence in Roamer's rigid steel hull. This water-tight, electrically welded unit of finest hi-strength special alloy steel is your protection against leaks and severe damage from impact—your assurance of safer, smoother sailing.
SWIMS LIKE A FISH — In even the roughest going, your Roamer handles with ease. Its low center of gravity lets you ride lower in the water and knife through waves with a minimum of tossing. Roamer's steel hull gives you extra speed, too. Its Gull-Flite design insures superb performance in ordinary weather and unusual stability and smoothness in rough seas.
BUILT FOR A LIFETIME — The Roamer hull is made of double-strength alloy steel — twice as strong as ordinary steel, and four times more corrosion-resistant than carbon steel. This rugged, heavy-gauge steel plate is welded to steel ribs, giving you a structural combination of tremendous strength.
REDUCES MAINTENANCE BUDGET — A once-a-year coat of paint is usually all the Roamer hull needs to be kept in top condition. Its exterior is fully protected against rust and corrosion by multiple applications of Roamer's exclusive Chemitrol coating. A special Bitumastic compound on the inside permanently seals the dry, water-tight bilge and prevents sweating.
SILENCE THAT'S GOLDEN — Every inch of the Roamer's hull interior is insulated to deaden sound and vibration, assuring smooth, quiet running. An air-tight bulkhead, separating engine compartment from cabin, minimizes operating noises in the cabin. And Roamer's engines are rubber-mounted for quiet, vibration-free performance.
