

LOWLAND 87

BROKER'S COMMENTS

"Built by Dutch Master builders Lowland in 1994, this nice motor yacht of 87' is designed by De Vries Lentsch. She was built to class, entirely in aluminium and has transatlantic range. Seriously equipped and stabilized, this Lowland 87' has already made 8 crossings. With an ideal lay-out for an owner looking for comfort and volume, she offers 4 ensuite cabins for 10 guests and 2 generous ensuite crew cabins. The expansive kitchen has even a crew mess. Very well maintained and upgraded by the only captain who built this Lowland 87', she is in top condition. She is a super opportunity, to see!"

Alan Deasti

SPECIFICATIES
